“ *I was blessed to have recently shared a day trip with Bernard which was very exciting for me as a historical buff. He planned a day for me and him as my guide. I drove his new truck while he proudly shared his childhood growth of knowledge he had acquired while living in Higginville, and being near surrounding cities of Lexington, Concordia, Emma, Marshall, and others. Being a Master Mason like Bernie I was amazed at the history he shared with me about the old Masonic College, Battlefield of Lexington and other historical sites all over Lafayette County. He was feeling very good that day and as we departed he commented I will have another great day planned for us soon. I will cherish that day forever. Rest in Peace along side the Architect of the Universe. God bless you and Robin and your many devoted family members for you taught them well how to live life on earth and preparing them to live life in your absence. Jerry and Sandi Snead*

“ All my prayers go out to his family and heaven got a great man. I remember going to work early in the morning and I will see him out walking his dog. He probably never knew who we were and he always would smile and wave at us. I was sorry was a great man even though I never got to know him but I can tell he loves his family and his family always came first for him. So my fares well to his family in this tough time. Just remember he might not be with us but he will always be looking down at us from heaven.
