“ I would like to say this will be a great loss for the Green family. Mom Green was the glue that held the family together through good and bad. When times were rough and times were good she is the one they all went to. Her door was always open to anyone and everyone. And so was her kitchen. I know I will miss most her veggie soup she made at the annual weenie roasts. She always said as I left don't stay away so long next time - come back soon love you. So we all know there is another one that gained wings looking down on the family. I am very sorry for this great loss and hole that has been placed in your hearts. All my thoughts go out to you .
