“ *I am just learning about this in the past 15 minutes I am stunned. Kay was a great person and friend, we had a lot of fun on Sundays at Fast Eddies -her betting on NFL games.*

We loved each other once upon a time, however the cosmic forces sent us in opposite directions.

She always stayed in my thoughts and I had stayed in touch. My thoughts were also with Kyle he was a good kid, he helped out at the Flo-Valley Jaycees Haunted house for 3 seasons, what a trooper.

RIP, you're with Kyle now so I know you feel better.

“ Geez, it wrenches my heart to know that your gone and I didn't get to say goodbye. I've been shaking my head ever since I heard. I remember when I met you. I fell in love with your smile. Such a pretty girl. I do remember the last time I saw you and will never forget.

My nurse, Kay, who helped me mend from a horrendous motorcycle accident in 1979. I don't know how I would have gotten through that without you. I always prayed for you, but you know that. We talked about His love for you and your son. I will keep you in my prayers for the rest of my life. Rest in true peace with our Lord and Father and with Kyle now by your side without the confines of that wheelchair. Peace to your soul, peace to Kristy's heart and peace to all of the hearts who love you. I love you, sister from a different mister. :)

You were always one of my most favorite cousins, even after you started smoking cigarettes. Heh heh
