“ I had the privilege of serving with Marti on the Missouri Association of Rural Health Clinics board for several years. Marti was always loving and kind. She was bright and had problem solving ideas. She brought such wonderful knowledge about nurse practitioners to the table. She loved her patients and taking care of people. My heart aches for her sweet family. Her face always lit up when she talked about them. The world was a brighter place with Marti in it. Hugs and Prayers to all.

“ *Marti will be missed. She truly was amazing. Very kind, loving, intelligent, humble, welcoming. I had the pleasure of being one of her NP students. And anybody that knew her knew she took on several students at one time and did a fantastic job!! I remember being so frustrated about not finding a preceptor and just when I was about to give up she told me she would take me as a student. Made my day!!*
