“ *Ralph was one of a kind. I always knew I could count on him being at the basketball game front row and coaching from the sideline. Even though I wasn't one of his kids or relatives he always made sure I knew he was there he just cared about everyone and had a heart bigger than anyone. He would talk to my parent before and after each game and came to graduation party I had. To all of Ralph family he was one of a kind and my thoughts and prayers are with u all*

“ To the Collins Family I (we) extend our thoughts and prayers to having absence of Ralph come to your family. I sought advice often from him as I came into the Civil Engineering Technician word with SCS. Ralph exhibited a strength to the intangibles while giving to the few underrepresented a means to show our worth. I thank him for lending an example of class and professionalism to follow. You will be missed greatly. GBY now!!! Thanks, Rodney L. Aaron, CET
