“ I have special memories with my friendship with Sharon since we met when I arrived in Higginsville as an AFS Student back in 1967. We always met at our Class Reunion and had a great time together. She is a dear friend who I know God is happy to receive her, even if we are going to miss her much. My sincere condolences to the family.

Regards.

“ To the family and friends of Sharon,
Sharon had a perky personality all through school. She had a smile and a friendly greeting for everyone. What a loss at such an early age. Perhaps it will help to know that we will keep you and Sharon in our thoughts and prayers.
With sincere sympathy,

“ Please accept my sympathy. Sharron and I were in first grade together and continued as school friends until our high school graduation. We became friend early in our first grade. I can remember that we had great fun at recess swinging, going down the slide or playing kickball. I thought then that she was so lucky to live right across the street from the school playground because she could go play there anytime she wanted. I was always glad to see her at our class reunions and catch up with what she was doing. She will be remembered for her fun-loving personality and a joy to be around.
