“ Stacy you will be missed by so many people. When I first started at Sonic 3 years ago I was honestly scared of you but eventually I realized how amazing you were as person. I always loved working with you and you were like another mom to me. I can't believe the last time I had a conversation with you was 4 days before you passed away and asked how my niece was doing. You were always a kind and caring person. I will miss you but I know you are in heaven and I will see you again one day. Enjoy being with your mom.

“ Stacey... I hate that we met so late in life... Cause as soon as we did, we were great friends.
I will miss you so very much... This leaves a huge hole in my heart girl... I love you so very much.

“ *This is so unreal, first Nancy and now you... I'm just in such disbelief, remember you just telling me after Nancy that I better take care of myself because you didn't want to go to another funeral anytime soon and here we are... But it's you 🤔* □

I love you Stacy, we might have had our differences a few times but we always bounced back. I love your girls as my own and will be watching over them. You are truly missed, you've left me with really big shoes to fill in finding someone to be my right hand man, not sure I will, but I will continue to be on the lookout. I Love you sister, always in my heart ❤️
